Thank you!

Thanks for your ongoing coordination and sharing of groundwater data!

In the future please cc the new remedial Project Manager for Omega: Wayne Praskins who is copied here. I am now working on a different Superfund Site Project.

Its been a pleasure working with you!

Best Regards,

Lynda:

Attached are the summarized Continental Heat Treating (ID No 204GW00, SCP No. 1057) data for the recent groundwater monitoring. The well details have not changed, so I did not resend that spreadsheet. Please call with any comments or questions (714) 256-2737. Thanks
